

1/5/2012

**TO:** Diesel Technology Advisors

**From:** Diesel Technology Technical Committee

**Subject:** 2012 Skills USA Kansas State Diesel Technology Contest

**Please have contestants at the facility at 6:45.**

**Contest will Start 7:00 am**

We will again have some live stations.

**Safety is of the utmost importance.** We expect contestants to tell us if they do not know how to perform a task which could lead to an unsafe condition. If a Contestant is observed performing in a manner that is not safe or has the potential to create a hazardous situation they will be stopped and/or points deducted from their station score.

Students must bring a writing utensil.

**Safety Glasses are MANDATORY.**

This year the stations will include the following.

Truck pre-trip inspection	Hydraulic
Transmissions	Job interview
Truck Brakes including ABS	Shop Skills
Live Air conditioning diagnostics	Written
Engine adjustments	Electrical
Live engine diagnostics	Differential Set up
Precision measure	

Please make sure Contestants bring a writing utensil.

**Safety Glasses are MANDATORY.**

Thank you and good luck.
